Nearby Attractions

YOUR DREAM LIFESTYLE CENTERED IN ONE PRIME LOCATION

The Waterways

The Crystal River flows from its headwaters at the famous crystal-clear springs of Kings Bay and winds its way through more than eight miles of beautiful country before joining with the Gulf of Mexico.

Outdoor Recreation

Over a dozen golf courses, fresh and salt water beaches, tennis courts, fishing marinas and numerous other recreational facilities are available within the county.

Manatee Sightseeing

Crystal River is known for being one of just a few places in Florida that native manatees flock to each year during the cooler months. Hundreds of these gentle giants stuff themselves into springs and rivers around Crystal River each winter. The manatees can be friendly and playful, and swimming with them is a unique experience you won't find anywhere else in the world!

City Highlights

The city of Crystal River offers many fine restaurants and night spots, two hospitals, over 50 churches of faiths, several theaters, shopping centers, a new mall, arts and crafts events, major chain discount stores and service-type businesses to help make your life easy and enjoyable.
